INTRODUCTION

Purpose of Document:

This document provides information on current federal funding opportunities. It is intended that the resource will highlight key information to help jurisdictions make decisions about whether to pursue these funding opportunities. Please note that the solicitation or notice of funding that is linked serves as the official guidance on how to apply for the funding, required and allowable expenses, and deadlines. If a funding opportunity looks relevant to the work you are planning for, please read through each solicitation/notice of funding closely to respond to all requirements. Most of the Department of Justice funding opportunities require a two-step application submission process, each with its own deadline. All deadlines are noted in the descriptions.

Audience:

The grant programs listed in this document allow for a variety of eligible applicants, including state, local and tribal government entities and nonprofit organizations. Eligibility and target audience varies by program, so please read through the eligibility information. If your jurisdiction or organization is not eligible to submit the application, many programs allow and/or encourage partnerships through sub-grants and contracts with eligible applicants.

Grant Program Priorities:

Some grant programs will prioritize funding for certain types of jurisdictions or target audiences. This typically means that the federal funding agency will add points to the overall rating of the application or will flag the application for priority when making decisions on what to fund. If your application aligns with a grant program priority, it does not guarantee that it will be funded, but it should be addressed in the application.

For this resource, the grant programs that include priority language around supporting rural jurisdictions or underserved populations are indicated by language highlighted on the grant program description page. The priorities are defined below:

Underserved Community Priority

This priority supports [Executive Order 13985, Advancing Racial Equity and Support for Underserved Communities Through the Federal Government](#):

- Consistent with this Executive Order, the term “underserved community” refers to a population sharing a particular characteristic, as well as a geographic community, that has been systematically denied a full opportunity to participate in aspects of economic, social, and civic life or whose members have been historically underserved, marginalized, and adversely affected by inequality. Such communities include, among others, Black people, Hispanics and Latino/a/e people, Native American and other Indigenous peoples of North America (including Alaska Natives, Eskimos, and Aleuts), Asian Americans, Native Hawaiians, and Pacific Islanders.
- In support of Executive Order 13985, the grant programs with this priority will:
 - » Give priority consideration to applications that include project(s) that will promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality, when making award decisions.
- Generally, applicants are being asked to describe in their application how the proposed project(s) will promote racial equity and/or the removal of barriers to access and opportunity, and/or contribute to greater access to services, for communities that have been historically underserved, marginalized, and adversely affected by inequality.

Rural-Specific Category

This indicates if a grant program includes a category of funding restricted only to rural jurisdictions. Please note that each program typically provides definitions of a rural jurisdiction, and this may vary across programs, so please read through each solicitation/notice of funding carefully to determine if your jurisdiction or target audience is eligible. The specific rural category language is included in the grant program description if applicable.

Rural Priority

This indicates if a grant program included additional priority language indicating priority for funding rural jurisdictions. The specific rural priority language is included in the grant program description if applicable.

Connecting with Researchers:

The Justice Community Opioid Innovation Network (JCOIN) has developed a resource for local jurisdictions to find and connect with researchers called [CONNECT](#). CONNECT is a researcher and practitioner collaboration and discovery tool and aims to help facilitate multidisciplinary research and programmatic collaboration across the health and justice fields. You can browse or search information on researchers, practitioners, publications, and organizations.

Training and Technical Assistance:

If your community is not ready to apply for funding but still needs assistance, keep in mind that many federal agencies offer free training and technical assistance to connect you with subject matter experts to provide training or technical expertise on certain topics. You can request assistance through the following training and technical assistance centers available through the federal government:

- [Bureau of Justice Assistance National Training and Technical Assistance Center](#)
- [Office of Juvenile Justice and Delinquency Prevention National Training and Technical Assistance Center](#)
- [Office for Victims of Crime Training and Technical Assistance Center](#)

CRISIS RESPONSE STRATEGIES

Collaborative Crisis Response and Intervention Training Program

Application Due Dates:
Grants.gov: April 25, 2023
JustGrants: May 2, 2023

Eligible entities:

- City or township governments, County governments, Native American tribal governments (Federally recognized), State governments, Public and state controlled institutions of higher education with on-campus police departments

Total Available Funding: \$2 million

Anticipated Number of Awards: 8

Anticipated Award Amount: Up to \$250,000

Length of Project: Up to 3 years

Cost Sharing/Match Required? No

Complete details are available at [Collaborative Crisis Response and Intervention Training Program](#).

Description:

This program provides funding to state, local, and tribal law enforcement and correctional entities to develop and implement law enforcement or corrections crisis response training programs. This program supports law enforcement partnerships with mental health, substance use disorder, and community service agencies to improve appropriate and effective responses to individuals in crisis who have behavioral health conditions, intellectual disabilities, developmental disabilities, or physical disabilities and to achieve safe outcomes for all individuals in the community.

What can be funded?

There are two categories of funding:

- *Category 1:* Implement Training Program for Law Enforcement Officers, Law Enforcement Agencies, and Sheriff's Departments (Patrol-Based);
- *Category 2:* Training Program for Correctional Officers, Probation and Parole, and Sheriff's Department (Facility-Based);

Funds can support:

- Analyze existing training and deployment policies and practices to assess and reevaluate the training needs of the agency.
- Create, design, and implement a new or enhanced training program in line with BJA's CRIT Curriculum, <https://www.informedpoliceresponses.com>.
- For *Category 2*, implement a jail-based CIT curriculum, such as the curriculum developed by the National Institute for Corrections available here.
- Adopt and implement new technology, such as dashboards and usable databases, to track training implementation across departments, calls for service for CRIT related events, and responses to calls including use of force data relative to CRIT training.
- Plan and implement other best-practice response models such as co-responder, mobile crisis or mobile response teams, case management, and 911 dispatch models using BJA's curriculum.
- Define and track process measures as well as short- and long-term program outcomes.

CRISIS RESPONSE STRATEGIES

Connect and Protect: Law Enforcement Behavioral Health Response Program

Application Due Dates:
Grants.gov: April 24, 2023
JustGrants: May 1, 2023

Eligible entities:

- City or township governments, County governments, Native American tribal governments (federally recognized), Public and State controlled institutions of higher education, Special district governments, State governments.
- Agencies with a different legal status (e.g., nonprofit or for-profit mental health agencies) are eligible to apply only if they meet two requirements:
 - The applicant is designated by the state mental health authority to provide services as a unit of the state or local government.
 - The applicant must attach documentation to support this designation.

Total Available Funding: \$17 million

Anticipated Number of Awards: 30

Anticipated Award Amount: Up to \$550,000

Length of Project: Up to 3 years

Cost Sharing/Match Required? Yes; This solicitation requires a 20 percent cash and/or in-kind match in years 1 and 2, and a 40 percent cash and/or in-kind match in year 3.

Complete details are available at [Connect and Protect: Law Enforcement Behavioral Health Response Program](#).

Description:

This opportunity will support law enforcement-behavioral health cross-system collaboration to improve public health and safety as well as responses to and outcomes for individuals with mental health disorders (MHDs) or co-occurring mental health and substance use disorders (MHSUDs).

This solicitation is one of two solicitations available as part of the Justice and Mental Health Collaboration Program funding in FY 2023. For justice system-focused projects aimed to help individuals with MHDs or MHSUDs who have come into contact with the criminal justice system, are booked into jail, or are leaving a custodial setting, see the [FY 2023 Justice and Mental Health Collaboration Program](#) solicitation.

What can be funded?

Funding can be used to:

- Design and implement a crisis response program based on current best practice to assist law enforcement officers to improve encounters with individuals who have MHDs or co-occurring MHSUDs. These could include any of the following:
 - Crisis Intervention Teams (CIT)
 - Co-Responder Teams
 - Law Enforcement-based Case Management Services
 - Law Enforcement Assisted Diversion (LEAD)
 - Mobile Crisis Teams
 - Crisis Resolution and Home Treatment Teams
 - EMS and Ambulance-based Responses
- Plan and deliver a crisis response program, through coordination between law enforcement and a mental health agency, that includes services to improve or enhance the response.
- Pay salaries, as well as expenses such as training (overtime) and coordination activities, to design and implement a police-mental health collaboration program.
- Engage residents through outreach and education to improve public health and public safety.
- Build positive community relations and trust through public communication strategies.
- Enhance officer knowledge and skills in responding to community members with MHDs or co-occurring MHSUDs.

CRISIS RESPONSE STRATEGIES

Justice and Mental Health Collaboration Program

JustGrants: March 28, 2023

Eligible entities:

- City or township governments, County governments, Native American tribal governments (federally recognized), Public and State controlled institutions of higher education, Special district governments, State governments.
- Agencies with a different legal status (e.g., nonprofit or for-profit mental health agencies) are eligible to apply only if they meet two requirements:
 - The applicant is designated by the state mental health authority to provide services as a unit of the state or local government.
 - The applicant must attach documentation to support this designation.

Total Available Funding: \$17 million

Anticipated Number of Awards: 30

Anticipated Award Amount: Up to \$550,000

Length of Project: Up to 3 years

Cost Sharing/Match Required? Yes; This solicitation requires a 20 percent cash and/or in-kind match in years 1 and 2, and a 40 percent cash and/or in-kind match in year 3.

Complete details are available at [Justice and Mental Health Collaboration Program](#).

Description:

Through this opportunity, the Bureau of Justice Assistance seeks applications for funding programs that support cross-system collaboration to improve public safety responses and outcomes for individuals with mental health disorders (MHDs) or co-occurring mental health and substance use disorders (MHSUDs).

This solicitation is one of two solicitations available as part of the Justice and Mental Health Collaboration Program funding in FY 2023. For law enforcement-focused projects, see the separate [FY 2023 Connect and Protect: Law Enforcement Behavioral Health Response Program](#) solicitation.

What can be funded?

- Enhance, expand, and operate mental health drop-off crisis stabilization treatment centers that provide 24/7 support for law enforcement, criminal justice agencies, and people who come in contact with the CJ system
 - These centers can provide, but are not limited to, the following services: screening and assessment, crisis care, residential treatment, assisted outpatient mental health treatment, primary healthcare services, telehealth, competency restoration, community transition, and other supports such as connections to housing.
- Increase the community's workforce capacity for certified mental health peer support specialists and increase the availability of wraparound services.
- Build or expand capacity to identify, treat, and support the recovery of individuals at the intersection of justice and mental health at the state, tribal, and local levels.
- Build or expand existing justice and mental health collaboration programs across people and places at any point in the criminal justice system—such as jails, courts, and prosecutors—as well as community supervision and/or capacity building for criminal justice professionals to target individuals with MHDs (including people with TBI and PTSD) or MHSUDs at risk of recidivism.

CRISIS RESPONSE STRATEGIES

Mental Health Awareness Training Grants

Application Due Dates:
Grants.gov: May 1, 2023

Eligible entities:

- States and Territories, including the District of Columbia, political subdivisions of States, Indian tribes, or tribal organizations (as such terms are defined in section 5304 of title 25), and non-profit private entities.

Total Available Funding: \$4.4 million

Anticipated Number of Awards: 22

Anticipated Award Amount: Up to \$200,000

Length of Project: Up to 3 years

Cost Sharing/Match Required? No

Complete details are available at [Mental Health Awareness Training Grants](#).

Description:

This program provides funding to (1) train individuals (e.g., school personnel and emergency services personnel including fire department and law enforcement personnel, veterans, armed services members and their families, etc.) to recognize the signs and symptoms of mental disorders and how to safely de-escalate crisis situations involving individuals with a mental illness and (2) provide education on resources available in the community for individuals with a mental illness and other relevant resources, including how to establish linkages with school and/or community-based mental health agencies.

What can be funded?

- Implement in-person, virtual, or hybrid evidence-based mental health awareness training to include recognizing the signs and symptoms of mental illness and identifying resources available in the community for individuals with a mental illness and other relevant resources.
- Identify the population of individuals to receive mental health awareness training and the population of focus.
- Identify resources and supports in the geographic catchment area and develop written and electronic materials for the individuals being trained so they may assist the selected population of focus.
- Establish mechanisms that increase the ability of the individuals trained to refer and link the population of focus to behavioral health resources and services that are culturally and linguistically appropriate for diverse populations.
- Develop collaborative partnerships with relevant community agencies to assist with responding to mental health issues and improve coordination of services for the population of focus.
- Utilize social media for the dissemination of mental health awareness information, resources, training opportunities, community outreach activities to decrease stigma related to mental health.

CRISIS RESPONSE STRATEGIES

Rural Emergency Medical Services Training

Application Due Dates:
Grants.gov: May 1, 2023

Eligible entities:

- Rural emergency medical service agencies operated by a local or tribal government (fire-based and non-fire based) and rural non-profit emergency medical service agencies.

Total Available Funding: \$7.4 million

Anticipated Number of Awards: 37

Anticipated Award Amount: Up to \$200,000

Length of Project: Up to 1 year

Cost Sharing/Match Required? Yes. Recipients must provide matching funds of 10% of the award from non-federal contributions (directly or through donations from public or private entities).

Complete details are available at [Rural Emergency Medical Services Training](#).

Description:

This program provides funding to recruit and train EMS personnel in rural areas with a particular focus on addressing substance use disorders (SUD) and co-occurring disorders (COD) substance use and mental disorders. Recipients will be expected to train EMS personnel on SUD and COD, trauma-informed, recovery-based care for people with such disorders in emergency situations and, as appropriate, to maintain licenses and certifications relevant to serve in an EMS agency.

What can be funded?

- Ensure EMS personnel are trained on mental and substance use disorders and trauma-informed, recovery-based care for people with such disorders in emergency situations.
- Acquire emergency medical services equipment.
- Purchase of drugs or devices approved or cleared under the Federal Food, Drug, and Cosmetic Act (FD&C Act) for emergency reversal of known or suspected opioid overdose.
- Train EMS personnel on the use of Naloxone in emergency opioid overdose situations.
- Train EMS personnel, provide resources, and implement procedures on connecting those who have undergone overdose reversal to substance use disorder treatment.
- Train EMS personnel on the use of motivational interviewing to engage those individuals who use substances, and/or who suffer mental health conditions, and to provide referrals to treatment and harm reduction services.
- Train EMS personnel on working with local peer-support specialists in assisting those who have undergone overdose reversal, including facilitating warm handoffs.
- Develop procedures to ensure all overdoses are reported to the state and/or local public health department.
- Train EMS personnel, as appropriate, to maintain licenses and certifications relevant to serve in an EMS agency.
- Conduct courses that qualify graduates to serve in an EMS agency.
- Fund specific training to meet federal or state licensing or certification requirement.

CRISIS RESPONSE STRATEGIES

The Kevin and Avonte Program: Reducing Injury and Death of Missing Individuals with Dementia and Developmental Disabilities

Application Due Dates:

Grants.gov: March 20, 2023

JustGrants: March 27, 2023

Eligible entities:

For Category 1:

- Health care agencies
- State or local law enforcement, tribal law enforcement, or other public safety agencies
- Nonprofit organizations (including tribal nonprofit organizations)

For Category 2:

- Health care agencies

Total Available Funding: \$2.7 million

Anticipated Number of Awards: 18

Anticipated Award Amount: Up to \$150,000

Length of Project: Up to 3 years

Cost Sharing/Match Required? No

Complete details are available at [The Kevin and Avonte Program: Reducing Injury and Death of Missing Individuals with Dementia and Developmental Disabilities](#).

Description:

The purpose of this program is to reduce the number of deaths and injuries of individuals with forms of dementia, such as Alzheimer's disease, or developmental disabilities, such as autism, who, due to their condition, wander from safe environments. This program provides funding to law enforcement and other public safety agencies to implement locative technologies that track missing individuals, and it provides funding to such agencies and partnering nonprofit organizations to develop or operate programs to prevent wandering, increase vulnerable individuals' safety, and facilitate rescues.

What can be funded?

There are two categories of funding:

- Category 1: Proactive Programming
 - The objective is to design, establish, or operate comprehensive, locally based, proactive programs to locate or prevent the wandering of individuals with forms of dementia, such as Alzheimer's disease, or developmental disabilities, such as autism, who, due to their condition, wander from safe environments.
- Category 2: Locative Technology
 - The objective is to purchase, develop, or implement locally based tracking technology for individuals with forms of dementia, such as Alzheimer's disease, or developmental disabilities, such as autism, who, due to their condition, wander from safe environments.

Length of Project: Up to 4 years

Cost Sharing/Match Required? Yes, this solicitation requires a 25 percent cash or in-kind match.

Complete details are available at [Adult Drug Court Discretionary Grant Program](#).

Description:

This grant program aims to support planning, implementing, or enhancing substance use treatment courts, including service coordination, management of treatment court participants, fidelity to the model, and recovery support services. This solicitation offers the following three grant categories:

- Category 1: Planning and Implementation
- Category 2: Enhancement
- Category 3: Statewide

What can be funded?

The following are eligible treatment court types: Adult drug courts (ADCs), driving while intoxicated (DWI)/driving under the influence (DUI) courts, co-occurring courts (participants diagnosed with both substance use and mental health disorders), and tribal healing to wellness courts (THWCs) are eligible. Applicants should refer to their relevant local statutes for definitions of the legal age of an "adult." In addition, where relevant, the proposed program design must function in accordance with the requirements of the court model's key components.

- *Planning and Implementation grants* are available to:
 - Participate in a 6-month planning phase followed by an implementation phase of an adult drug court with capacity to provide treatment services, case management and coordination, judicial supervision, sanctions and incentive services, and other key resources such as transitional housing, relapse prevention, and employment to reduce recidivism.
- *Enhancement grants* are available to jurisdictions with an operational adult drug court and funding can be used to:
 - Assist a jurisdiction to scale up its existing court program's capacity; provide access to or enhance treatment capacity or other critical support services; enhance court operations; expand or enhance court services; build or enhance collection and use of key drug operation and outcome data; or improve the quality and/or intensity of services based on needs assessments.

- *Statewide grants* are available to:
 - Scaling up an ATC program's capacity; helping a local/rural jurisdiction to launch a new ATC as a grant subrecipient; expanding treatment and services; conducting an audit of the practice and the technical assistance for adherence to the key components and best practices; data collection and analysis to assess the practice and track recidivism and participant outcomes; delivering training and technical assistance; supporting a treatment court alumni network and/or peer recovery programs to serve treatment court participants; supporting the staff needed to expand services statewide.

EXPANDING ACCESS TO TREATMENT

Total Available Funding: \$15.7 million

Anticipated Number of Awards: 32

Anticipated Award Amount: Up to \$500,000

Length of Project: Up to 5 years

Cost Sharing/Match Required? No

Complete details are available at [Grants for the Benefit of Homeless Individuals](#).

Description:

The purpose of this program is to provide comprehensive, coordinated, and evidence-based treatment and services for individuals, including youth, and families with substance use disorders (SUDs) or co-occurring mental health conditions and SUDs (CODs) who are experiencing homelessness.

What can be funded?

- Award recipients must use SAMHSA's funds to support direct services, for individuals with SUDs or CODs who are experiencing homelessness. This includes the following activities:
 - Provide outreach and other engagement strategies to unsheltered (including encampments) and sheltered populations.
 - Provide direct SUD and mental health treatment.
 - Have access to or have the ability to partner with existing licensed Opioid Treatment Programs (OTPs), and Office-Based Opioid Treatment programs (OBOTs) to provide all forms of FDA-approved medications to treat opioid use disorder (MOUD).
 - Provide evidence-based harm reduction practices such as rapid fentanyl test strip distribution, overdose education, naloxone, and other FDA approved overdose reversal medications as long as such purchases are consistent with the purposes of the program and consistent with other local, state, and federal laws.
 - Provide case management that includes care coordination/service delivery planning and other strategies that support stability across services and housing transitions.
 - Utilize staff with lived expertise to provide project services.
 - Provide recovery support services including, but not limited to, recovery housing, childcare, vocational, educational, and transportation services.
 - Assist with identifying sustainable permanent housing by collaborating with homeless services organizations and housing providers, including public housing agencies.
 - Establish a culturally and linguistically diverse steering committee that meets at least quarterly to monitor the goals outlined in the project.
- Refer to pages 8-12 of the solicitation for additional allowable activities.

Description:

This program provides funding to state, local, and tribal prosecutors to reduce crime and increase public safety and trust in the criminal justice system. The program encourages prosecutors and agencies to use data in the development of their strategies and projects and to develop fair, effective, cost-effective, and innovative responses to crime within their jurisdictions.

What can be funded?

Funding can be used to:

- Test, establish, and/or expand programming that enhances prosecutors' ability to effectively and sustainably prevent and respond to crime, especially violent crime, which could include the hiring of new prosecutors.
- Foster innovative, effective, formalized, and consistent collaborations with external agencies, and the communities they serve, to increase public safety and trust.
- Use technology, intelligence, and data in innovative ways that enable prosecutors' offices to focus resources on the people and places associated with high concentrations of crime and to allow state and local prosecutors' offices to improve their operations to more efficiently and effectively work with communities in reducing crime.
- Enable prosecutors' offices to reduce caseloads to manageable levels by modernizing offices, hiring analytical or support staff, and updating information technology.

Complete details are available at [Improving Outcomes for Child and Youth Victims of Human Trafficking](#).

Description:

This program provides funding to improve outcomes for children and youth who are victims of human trafficking by integrating human trafficking policy and programming at the state or Tribal level and encouraging coordinated, multidisciplinary, and statewide approaches to serving trafficked youth. Recognizing that each jurisdiction is unique, applicants should identify the state or Tribe's greatest barriers to identifying and assisting child and youth victims of sex and labor trafficking and/or investigating and prosecuting these trafficking cases, and propose a program to systematically address those barriers.

What can be funded?

- Develop and implement a state or Tribal jurisdiction-wide strategy to combat the greatest challenges in addressing child and youth sex and labor trafficking within the state or Tribe.
- Develop protocols and procedures to make sure child and youth victims receive appropriate services.
- Develop a unified strategy to provide training to professionals throughout the jurisdiction, including, but not limited to, law enforcement officers, first responders such as hospital workers or paramedics, victim service providers, mental health care professionals, educators, child welfare or social workers, juvenile justice personnel, prosecutors, and other court personnel.
- Collect data and engage in performance measurement activities to determine if the program is meeting its stated goals and objectives.
